Term Comments

Jonathon is a pleasure to teach. He is progressing well in fifth grade. Jonathon is open, honest and an active participant in class discussions. However, he often needs reminders about not talking to and distracting his neighbours. Let's aim to improve in this area. Jonathon is commended on his excellent Memory Work and Spelling Test results. His marks are a reflection of his efforts. In Math, he completes his work quickly and accurately. His self-discipline in correcting his mistakes is note-worthy. Keep up the good work! In Art, Jonathon's fine drawing skills were seen in his insect pattern drawings. I look forward to teaching Jonathon next term.
